

Audio Signals:

All signals will be provided via signal splitter to breakout cable (XLR, symmetric).

List of channels:

	Channel	Instrument	Name	Mic / DI-Type	Mics on Tour
Vocals		Leadvocals (preprocessed, stereo)	Vroni	2x XLR	✓
		Backingvocals (dry, mono - please add reverb - lots of reverb ;-))	Stefan	Shure Beta58	✓
Sampler		Backingtrack Sum (L/R)		2x XLR	
Guitars		Guitar (stereo)	Stefan	2x XLR	

Monitoring:

Navigator grau will use there own inear monitoring. We will do our own inear mix.
Please provide if possible two wedges at stage front as fall-back.

Electricity:

- we need minimum 2 sockets - one at the front of stage, one at the back **for Sound**
- Additionally we need two socket **for Light**:
 - One at stage front for ego risers with light and
 - in the back of the stage for two LED bars with programmed sequences.

Regarding catering and backstage, please have a look at our hospitality rider!

Stage Setup:
