P.A.:

The venue/festival has to provide a professional P.A. (no self build boxes) with enough headroom to be clear at 99dB at the FOH. If necessary with calibrated delay line. Make sure to provide as many subwoofers as needed for enough low end, without destroying the P.A..

Monitoring:

We will bring our own In-Ear Rack with three In-Ear ways for each musician. Please make sure to provide a stereo outputs (left and right) for each way.

Mics:

We won't bring our own microphones!

Please make sure to provide all the microphones (or similar) and cables on the list below.

FOH:

We won't bring our own sound tech.

Please provide a experienced, rested and sober sound tech for the show.

Power:

The venue has to provide a power socket at the FOH.

We will need 3 power sockets at the drumkit, 2 power sockets to the left and right at the drumset.

DRUMSET:

22" Bassdrum
16" Floor Tom
12" Rack Tom
10" Rack Tom
Drum Seat
Double Bass Pedals
4x Cymbals Stands
2x Cymbal Arms

Next to the kit (left)
Rack with electronics
