

The Replacement Killers

Electronic Press Kit

20 YEARS AND COUNTING!

*Picture this: Königswinter – 1998 – two guys with one mission:
rewrite history of music.*

Matteo Villa (vocals, guitar) and **Rolf W. Becker** (drums, **no** vocals)
*two talented musicians with fury, force and ego committed
themselves to become the most revolutionary band ever seen.
Started successfully with cover songs from Johnny Cash, The Clash,
The Who, Billy Bragg, Kris Kristofferson and “the man who took
Berlin”: Leonard Cohen.*

Had a flash and recorded their debut album in Nashville (TN).

From there on

*They messed up British punk-rock together with finest southern
country music into a new style: **#MaximumCountryPunk** and
started writing original songs.*

*With more than 400 shows and the pure energy of rock’n’roll the
two give all their blood, sweat and tears to their fans.*

*No matter if acoustic arrangements or full plugged sets at festivals
or small clubs, the ever growing crowd is overwhelmed with their
full wall of sound.*

*Mr. Cool and Mr. Beat are celebrating **20 Years of**
#MaximumCountryPunk.*

Come and join this unique experience!
