*We accept the Standards of the venues, we dont need the same monitor configuration like on the stageplot etc.

*We made good experiences when performing in small-sized venues without the use of the complete microphone-configurations, except for the drums beause of the natural sound level of our music, which is rather high.

Equipment/Backline

(we always will have our own complete equipment in national and most international concerts, if it is not possible or unnecessary, we clarify. We share parts of us like cabinets/Heads/Drums or something)

Arne (Drums):

- 22" Kick Drum
- 13" Tom with Snarestand
- 16" Floor Tom
- 2 Cymbal Stands with 2 Cymbal Boom
- Hi Hat Stand
- Snare Drum Stand
- Throne

(Arne will every have, kick pedal, Cymbals, snare drum)

Lisbert (Bass):

- Orange Terror Bass Head
- 4+10" Bass Cap

(Lisbert will have, Bass rig, instruments, bass head)

Stefan (Guitar 1):

- Marshall 50 Watt 1+12"Combo

(Stefan will have, guitar rig, instruments, Amp)

Jan (Guitar 2):

- VOX Ac 50 Head
- 2+12" Orange Cabinet (16 Ohms)

(Jan will have, guitar rig, instruments, Amp-Head)

Stage:

- stage lighting: soft white

-(We prefer the lighting from behind the drums or the lighting of the wall behind us. Thus we appear as silhouettes)

Sometimes we use a beamer and our own visuals/light-show

Hospitality:

We don't have any known allergies worth considering

- Beer
- Water
- Coke/Cafe

Thank you!
