AUDIO SIGNALS

smii provides the following audio signals via XLR:

drums (8x):

- 1 xKick
- 1 xSnare
- 2x Tom
- 2x Overhead
- 1x HiHat
- 1x Ride

others (6-8x):

- 2x vocals
- 2x guitar
- 1x bass
- 1-3x backing track (mono or stereo or stereo+ subbass.)

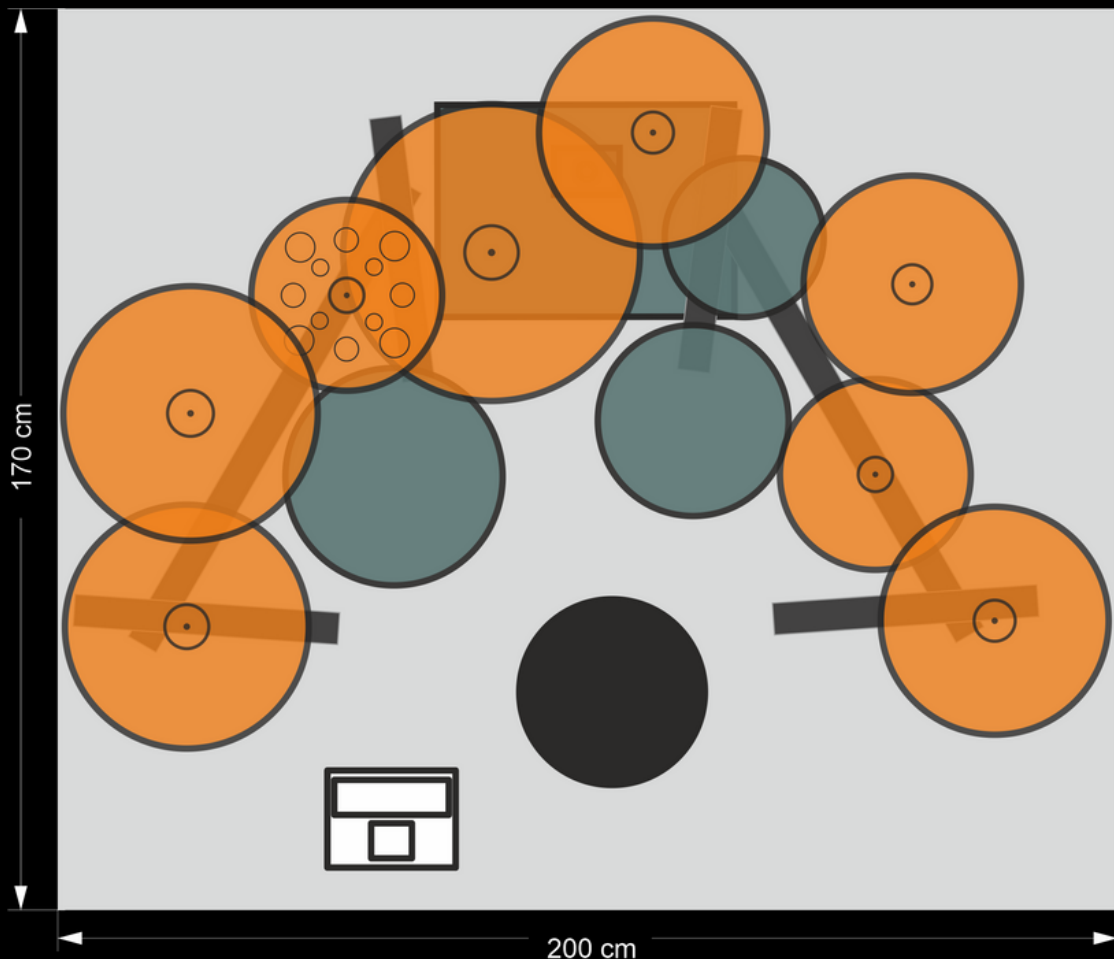

The band brings their own monitoring system. As an organizer, you won't have to bother with monitoring matters.

smii does not need any speakers on stage, they play over PA and in-ear.

STAGE

smii's drumset requires a free, flat surface of

$$B \times T = 2,00m \times 1,70m$$

A power connection is required at the drumset.
