

SIENNÁ Technical Rider 2017

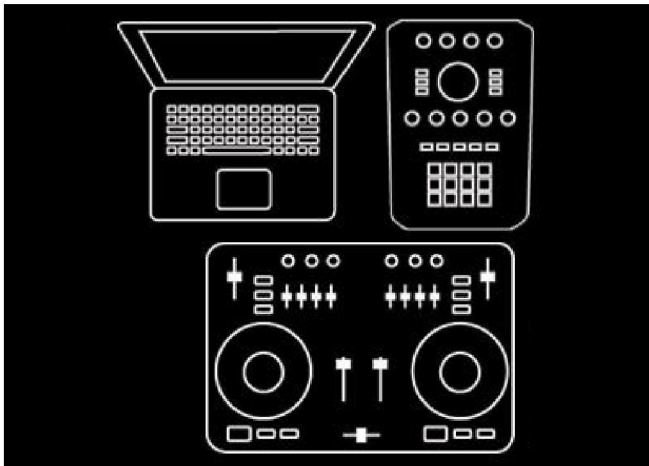

- 1.1) Good sound system.
- 1.2) Sufficient space in the DJ booth, or on the stage
- 1.3) A stable table with minimum of 1 x 2 meter(s) space for the set up.
- 1.4) Preferably a working light on the table.

In addition, if LIVE-SET is preferable:

- 2.1) A mixer with minimum 6 channels
- 2.2) DI-boxes (enough for 3 stereo channels/6 mono channels), if the mixer is not available near the DJ/musician.

PLEASE CONTACT anneisrecords@gmail.com IF YOU FIND THIS SETTING TO BE DIFFICULT ASAP!
WE WILL ALWAYS FIND A SOLUTION.
