With their dark melodies, Rote Asche create a unique sound-universe that unfolds in symphonic Gothic Metal.

Black-romantic piano and orchestral sounds, goosebump-inducing soprano vocals, rousing guitar solos, pulsating bass tones and driving drum rhythms combine to create a fire of emotions. The German and Latin lyrics of Rote Asche fuse reality and poetry into a moving message that penetrates deep into the hearts of the listeners.

Founded in the small town of Hünfelden near Limburg, the band developed over several years into its current, powerful constellation. At the beginning of 2025, the release of their first demo song "Das andere Ende" marked a decisive milestone. Just a few weeks later, Rote Asche celebrated their electrifying live debut.

Since then, the flame burns more intensely than ever – Rote Asche are ready to ignite the stages.

Rote Asche lineup:

Regina Beatrix – Lyric Soprano
Jana – Keys/Orchestration
Denis – Guitar
Chris – Guitar
Steffen – Bass
Pierre – Drums
Maxi – Sound Engineer
