SHOW REVIEW:
MÁLAGA - SPAIN

HTTPS://METALFAMILY.ES/CRONICA-ANGLES-MAGMA-BANANA-CHIMERA-CULT-VELVET-CLUB-MALAGA-10-02-24/

«Por último le llegó el turno al plato fuerte de la noche, CHIMERA CULT, procedente de China... arrancaron con un sonido extremadamente peculiar, mezclando géneros tan diversos tales como el hardcore, el groove metal, hasta el death metal y el black metal... El cantante, Sishen, se robó literalmente el show... Pocas veces he visto un cantante tan agresivo en el micrófono y a la vez tan activo... Sin dudarlo, se robaron el show.»

"Finally it was time for the main act of the night, CHIMERA CULT, from China... they kicked off with a very peculiar sound, blending genres as diverse as hardcore, groove metal, death metal, and black metal... The singer, Sishen, literally stole the show... I've seldom seen a vocalist so aggressive at the mic and yet so active... Without a doubt, they stole the show."

"Several different styles of heavy mixing into one eclectic sound... cutting out all filler leaving only killer... and a feeling of being dragged to death"

CHIMERAS RISE

«La letra construye una imagen apocalíptica donde figuras corruptas se levantan bajo discursos falsamente justos… Musicalmente, su sonido se siente orgánico, los riffs de guitarra son potentes y afilados… La voz es visceral y desgarradora…»

"The lyrics build an apocalyptic image where corrupt figures rise under falsely righteous speeches… Musically, their sound feels organic, the guitar riffs are powerful and sharp… The vocals are visceral and raw…"

«Dándole vida a un contenido lírico realmente arrasador es como "Feral Well" hace acto de presencia en la escena alternativa del Hardcore Punk… su intensidad me ensordeció al instante.»

"Bringing to life truly devastating lyrical content is how 'Feral Well' makes its appearance in the alternative Hardcore Punk scene… its intensity deafened me instantly."
