

SCAMPI is an Alt-DnB / Acid Jazz / Indie  
influenced live-band with 4 members, based  
in Berlin

Taking the name of the seafood dish, they  
are the very much alive and kicking  
version of the crustacean

With fast drum grooves, groovy basslines,  
synthesizers, a sampler and enchanting  
vocals they create a fast driving,  
atmospheric, lively experience making  
every performance anything but your  
average dish
