

PER ASPERA AD ASTRA

A Journey from Shadows to Stars

In a world where the boundaries of reality and fantasy blur, Cosmodrome emerges as a celestial beacon of sound and vision.

Founded in the heart of Bavaria during the unprecedented times of a global pandemic, this avant-garde band harnesses the power of music to teleport audiences on a transcendent journey from the shadows into the light, from the dust to the stars.

With a fusion of Sci-Fi blockbusters, metal, and rock, Cosmodrome crafts an immersive experience that defies convention, seamlessly blending electrifying performances with stunning audiovisual artistry. Their performances are far more than just concerts - they are transformative journeys that inspire the imagination and awaken the soul.

Join in as we explore the cosmic soundscape of Cosmodrome, where each note resonates with the pulse of the universe, inviting you to forget your fears and embrace a new reality of peace, truth, and enlightenment.

Cultural emphasis and advocacy

LIKE A FAIRY TALE

With an electrifying energy that captivated audiences, Cosmodrome swiftly ascended to stardom in China, where their futuristic shows resonated with a culture that has long embraced the realms of science fiction. Their performances, akin to cinematic spectacles, ignited a fervor among fans, sparking a wave of enthusiasm that swept through the vibrant streets of cities where dreams of a “Blade Runner” world have become reality.

This meteoric rise didn’t stop at China’s borders; it transcended into Korea, where Cosmodrome made history as the first German band to grace the prestigious Zandari Festa in Seoul. The cultural exchange sparked a new chapter in their journey, showcasing their unique sound and artistic vision to a broader audience eager for innovation and creativity.

In every note and every visual, Cosmodrome invites fans to join them on a transcendent journey - a cosmic odyssey from the shadows into the spotlight, proving that dreams can indeed become a vibrant reality.

PARTNERS

Due to the vital role that air travel plays in our journey to share our music with the world, Cosmodrome is reaching out for a collaboration with an airline as a brand ambassador.

With countless flights ahead as we embark on international tours and cultural exchange activities, we seek a partner who is excited to join us in navigating the skies. Together, we aim to highlight the powerful synergy between the thrill of travel and the mission of spreading art across borders. By joining forces, we aspire to soar to new heights, ensuring that our message of unity and inspiration reaches every corner of the globe.

PRODUCT PLACEMENTS

Product placements with COSMODROME offer an exciting opportunity for worldwide visibility, as they can be strategically integrated into both European and Asian media, amplifying brand exposure across diverse markets.

Instruments & Gear

Our large shows allow us to present products to a vast audience, showcasing to thousands.

Apparel

We are actively seeking collaboration opportunities with futuristic, avant-garde fashion brands that align with our artistic vision and style

Transportation

Given our extensive travel by air and road, a partnership with an airline and an automotive manufacturer would be crucial in supporting our journeys and enhancing our touring experience.

Cultural Exchange

Cosmodrome stands at the forefront of cultural exchange, using the universal language of music to bridge gaps between diverse cultures.

During their time in Asia, they represented Germany at the International Kanal Arts Fest in Beijing, immersing themselves in the vibrant tapestry of local art and music.

Through collaboration and creativity, Cosmodrome continues to forge connections, inspiring audiences across continents to come together in celebration of the arts. Their journey is a testament to the power of music as a catalyst for unity and enlightenment, as they lead listeners from the darkness into the light, igniting a passion for cross-cultural exploration.

SYNC DEALS

COLLABORATION

We are actively seeking sync deals that allow our music to seamlessly integrate into films, video games, and other multimedia projects.

Our unique sound, characterized by its cinematic quality and emotional depth, is perfectly suited for enhancing visual storytelling. We are open to creating custom tracks that align with specific themes or scenes, ensuring that our music elevates the overall experience.

By collaborating with filmmakers and game developers, we can forge powerful partnerships that not only showcase our artistry but also enrich their creative endeavors.

Let’s create unforgettable moments together through the synergy of sight and sound.

THE NEXT LEVEL

LET’S REALIZE OUR SHARED VISION

As we look to the horizon, Cosmodrome envisions an even more spectacular and immersive show that engages all the senses, pushing the boundaries of what a live performance can be.

NEXT STEP

NEXT LEVEL

We are seeking visionary partners who share our ambition to take our artistry to the next level, crafting an experience that transcends anything audiences have ever encountered.

Together, we can create a groundbreaking spectacle that not only captivates but also leaves an indelible mark on the hearts and minds of everyone who witnesses it. Join us on this extraordinary journey as we redefine the future of live entertainment.

NFINITE

AN IMMERSIVE EXPERIENCE

We are currently developing a show that is designed to be easily reproducible across various locations, continuously evolving and growing alongside the band. Our vision is to create a groundbreaking immersive multimedia experience that engages all the senses, offering audiences something truly unique and unforgettable.

Cosmodrome's concerts transcend the ordinary, offering an immersive live experience where the perfect harmony between the band, their songs, and the audiovisual elements create something truly extraordinary. Each performance is a meticulously crafted masterpiece—specially arranged video content, flawlessly synchronized lighting effects, and a soundscape that fills the room—all come together to transform the concert into a breathtaking cinematic experience.

We like the shadows. There is a lot of restraint, we only see certain fixtures for perhaps one minute for the whole show. Generally, the brief was to make it look broken — nothing pretty. We stick to the white color palette. Warm or cold.

- **The show is more than just a performance - it's a work of art, a powerful statement.**
- **Timecode-controlled video content.**
- **The lighting, on the other hand, is typically more freely designed, adapted to the scale and surroundings of each venue.**
- **Lighting features a white color palette, ranging from warm to cold tones.**
- **Intense backlighting and strobe lights.**
- **The content and message of the songs take center stage.**
- **The overall aesthetic of the show features a cohesive integration of lighting and video design, supported by innovative sound design.**
- **The sound system is tailored to suit each specific location.**
