

## BIOGRAPHY

Since the end of 2022, Desidera – derived from the Latin word for "to desire" – has stood for passion, musical visions, and the yearning to conquer the Metal Olympus through new, undiscovered paths.

With bone-crushing drum sequences, tearing riffs, and deep-penetrating vocals, Desidera guides listeners through their incomparable world of the "Mixed Metal Arts." The powerful blend of Death, Thrash, Groove, and Industrial Metal offers the audience a unique listening experience, influenced by some of the biggest names in modern Metal, including Gojira, Mastodon, Slipknot, Avatar, and Orbit Culture.

Since their formation, Desidera has already "fought a few MMA battles" and established a significant name for themselves in the local Metal community. Among the biggest performances in the band's intense history are the self-organized Metalmeeting Zweibrücken at Gasthaus Sutter and the Zweibrücken City Festival in 2023.

Desidera is an emerging metal band that convinces with its passion, talent, and creative vision. The combination of various metal styles and the influences of some of the genre's biggest names make Desidera an exciting new player in the metal scene. Their debut album Utopia – available on all streaming platforms – impresses with strong singles such as Soul To Sand and Going Out.
