Have you ever wondered what it would sound like if your dreams had a soundtrack? German Metalcore Band "Altered Rebirth" surely provides you with an answer to that. Blending beautiful cinematic ambiances and dreamy melodies with horrifying heaviness, somehow creating a nightmare so divine, you can not get enough of it.

In 2024, they've released their debut EP "Reaching Moonlit Salvation", quickly gaining fans all over Germany, who were completely mesmerized by their unique soundscape. Rounding everything of by matchless guitar work and lyrics about the darkest corners in your mind, they are dragging everyone down into their world.

Something you can't... you don't want to escape.

Stay 'til dawn in this eternal night.
