

TECHNICAL RIDER - KOKOFF

Artist: KOKOFF (Singer & Songwriter) | Genre: Dance-Pop,
Electro-Pop, Latin-Pop | Year: 2026

1. AUDIO & INPUTS

VOCAL MIC: Artist provides his own professional wireless vocal microphone: Shure SLXD24 with KSM11 capsule.

CONNECTION: Requires 1x balanced XLR input on the stagebox/mixer for the wireless receiver.

BACKING TRACKS: Artist uses a dedicated hardware player (M-Live B.Beat).

MAIN MIX: 2x Balanced XLR Outputs (Stereo L/R) from Artist's player to House PA.

2. MONITORING

STAGE MONITOR: 1x Powerful floor monitor (wedge) or In-Ear monitoring connection.

CONTROL: Monitor volume must be adjustable independently from the Front-of-House (FOH) mix.

3. STAGE & SETUP

STATION: 1x stable microphone stand (boom arm preferred). The playback device is mounted directly on the mic stand at eye level.

POWER: At least 2x Schuko power outlets (230V) at the performance position (for mic receiver and player).

4. LIGHTING & ATMOSPHERE

LIGHTING: High-energy lighting, moving heads, and strobes matching the vibe of Dance-Pop and EDM.

HAZE/SMOKE: Use of a hazer or fog machine is essential to enhance the light show.
