We Are Perspectives is a German deathcore band from Bottrop and was formed in 2017. Known for their intense live performances and heavy, breakdown-laden sound, the band has quickly established themselves in the German metal scene. With a combination of brutal death metal, hardcore punk, djent and metalcore influences, the band's music is characterized by its crushing riffs, guttural vocals, and powerful drums with up to 300 bpm.

For their new album "**Heritage**" the Band partnered with 459 Records.

ALBUM TRACK BY TRACK

The album "**Heritage**" covers a variety of important and poignant themes across its 13 tracks.

From suicide and depression in "*Leaving*", "*Irukandji*" and "*Stigma*", to advocating for women's empowerment in "*Tower*," the album is a reflection on the world around us.

Other tracks such as "*Hatred*" and "*Gatekeeper*" address issues of violence against children and environmental conservation, respectively, while "*Devastator*" warns of the dangers of greed and the cost of sacrificing our time for money.

"*Bloodshot*" offers a sobering sight on depression and its impact, while "*Mokoli*" speaks out against drug and alcohol abuse.

The album concludes with its title track, "*Heritage*", a piece that asks us to consider the legacy we leave behind and the mark we make on the world.
