

# FLORIAN FABER TECH SPEC

## For your sound engineer: FLORIAN FABER TECH REQUIREMENTS

Florian Faber sings and plays acoustic guitar.

REQUIREMENTS:     **2 XLR cables,**  
                              **1 microphone,**  
                              **2 power strip**  
                              **1 bar stool**

More information:

### **1 XLR cable – Florian’s vocal**

He will need some fx, like a bit of chorus.

### **1 XLR cables – Florian’s guitar**

This is for Florian’s guitar, which is an acoustic guitar and runs via his onstage AER Amp. It works like an DI-Box, in stereo. He won’t need any fx.

### **1 bar stool**

This one is for his AMP. It’ works also as a monitor in the back of him.

### **1 Monitor**

Just in front of his mic.

**NO smoke machines, please!**
