Three Musicians, Fully Charged

Since 2005, ROCKENBOLLE have been delivering rock 'n' roll straight out of Hamburg. Guitar, bass and drums form the backbone, with Krille and Olli sharing vocal duties. Their sound combines the heavy punch of hard rock with the speed of speedrock and the raw directness of punk.

In 2025, the band celebrated their 20th anniversary with the release show for “Oldschool” at Stellwerk Harburg. The album was recorded live, mixed and mastered at Absurd Studio Hamburg. On stage, new songs sit alongside older material – culminating in a roughly 90-minute set at their anniversary show.
