DRESSING ROOM

Of course, we prefer our private dressing room, but we are willing to share with other bands if safe storage is guaranteed. We need this dressing room at least 30 minutes before and after the show. We will only accept a dressing room if we are not charged for it.

MERCHANDISE

We will bring merchandise to every show we play, so please provide us with a table and a chair on a noticeable spot at no costs.

BACKLINE

We would prefer the venue to provide the drum kit (excluding breakables). Please keep in mind; if the venue can't provide the drum kit, we will have to charge a higher fee. If there is any damage to the gear caused by the crew of the venue, the venue requires a fair damage restitution.

WE WILL BRING

- 1 Backdrop (6m wide x 4m high).
- 2 Ibanez guitars (RGD71ALMS-BAM / RGD2127z).
- 1 Ibanez bass guitar (BTB605MS-CEM).
- Drum breakables (snare, cymbals, pedals and stool).
- Flight case with backline (check technical rider).

STAGEPLAN

You can find our stage plan in the technical rider we sent. For the lighting, we prefer green and blue lights, minimal on red lights please (red lights ruin good photographs easily). If available, we like the use of stroboscopes on certain parts of the show.

PARKING

Please, send a route-description to the venue and closest parking possibility. If there are no free parking spots close enough to the venue, we will charge the venue for the expenses we have to make for parking.

PAYMENT

Payment is possible before or after the show.

- For shows in The Netherlands, we prefer an invoice, but cash is also possible.
- For international shows we prefer cash. If cash is not possible, we can discuss other payment methods.
