

Song for Anna

1.
You've given me so much, honesty and patience
When I feel your touch, there is no hesitation
I missed you so much

2.
We lived in different nations, which was not nice to be
We just need some recreation as it appears to me

Chorus

**Since i wrote this song for you, now i sing this song for you
And this song is telling you, I love you**

3.
We went through different times, but then you picked me up
There aren't enough rimes, to tell you what you mean to me

Chorus

**Since i wrote this song for you, now i sing this song for you
And this song is telling you, I love you**

Solo

4.
Wanna tell you what you mean to me, tell you what you mean to me
Tell you what you mean to me, yeah yeah yeah yeah
Oh baby,
this is the song for anna
