

ENG:
NIGH is a Acid Psych Rock Band from Cologne. The group comprises vocalist Vita Zuiderwijk on organ and synth, Frank Tribbensee on guitar and flute, Marcel 'Wido' Hoffmann on everything percussions, Lasse Janßen on drums and backing vocals, and Leo Beringer on the almighty bass. They are definitely not a solar cult in disguise.

They describe their style as dancy cultic rock, mixing santanaesque rhythms and guitar melodies as well as a 70s hard rock organ with modern wild female vocals à la GOAT and some darker ritualistic sprinkle. Unique song structures with climatic buildups are NIGH's signature recipe. Take their shows as invitations to let go and dance yourself away.

NIGH ist eine Acid Psych Rock Band aus Köln. Die Gruppe besteht aus Sängerin Vita Zuiderwijk an Orgel und Synth, Frank Tribbensee an Gitarre und Flöte, Marcel „Wido“ Hoffmann an allen Perkussionsinstrumenten, Lasse Janßen am Schlagzeug und Backgroundgesang sowie Leo Beringer am Bass. Sie sind definitiv kein getarnter Sonnenkult.

Ihren Stil beschreiben sie als tanzbaren Kult-Rock, eine Mischung aus Santana-artigen Rhythmen und Gitarrenmelodien, einer Hard Rock Orgel der 70er Jahre, modernem, wilden Vocals à la GOAT und einer Prise düsterer Rituale. Einzigartige Songstrukturen mit ausufernden Steigerungen sind NIGHs Markenzeichen. Ihre Konzerte laden dazu ein, sich fallen zu lassen und mitzutanzen.
