Confession by Silence

Technical Rider

Contact person: Paul Thiess, Tel.: 0172 4718120

Drums: mic'd up, bass drum has a trigger (line signal)
Keyboards: stereo DI available, via 2x XLR
Git 1: Kemper Amp via Direct Out XLR
Git 2: Kemper Amp via Direct Out XLR
Bass: via Direct Out or mic on the cab
Vocals: lead singer uses own wireless system, via 1x XLR

Backing Tracks: via 2x line out (¼" jack)
Monitoring: the band controls their monitoring on stage independently. For this purpose, the following signals must be routed back to the stage:

- Drum mix via 2x line signal
- Lead vocals on separate XLR channels
