3. Press-info:

Machine-gun doublebass, Devil-like growls and Screams, a powerful wall of sound along with epic melodies distinguish the melodic death metal band Corbian from a lot of other bands.

The 2014 founded 5-Man formation from Offenbach knows, how to interact with their Fans. An interactive stage show, paired with a threatening light mood and genre-varied songs, lead even the most skeptical guests up to headbanging and moshing.

Their upcoming album "Supremacy of Fire" packs hymns to sing along, brutal headbang riffs and a shuddering atmosphere. Lyrics about loss, hatred and pain round off the atmosphere of their new album.

Through the influences of Hardcore, Thrash-Black and Death Metal, Corbian are often compared with bands such as Amon Amarth, At The Gates, Kataklysm and Heaven Shall Burn.
