Suicidius

Technical-Rider

PA:

The PA should be available at the location. It should be working and fulfill the venues needs. (Venue size / amount of spectators)

Monitoring:

The band needs 4 monitors on stage. 1x drums, 3x front area of the stage.
If this can´t be fulfilled please get in contact with the band.

Microphones:

- 2x Vocals
- 1x (or, if there are less than 3 monitors on stage available, 2x) Guitar box
- 1x Guitar modeler (direct per XLR)
- 1x Bass (DI Box)
- Drums (1x Bassdrum, 1x Snare, 4x Toms, 1x HiHat, 2x Overheads)
- Samplepad (DI Box)

Miscellaneous:

On the stage are at least 5 sockets needed. (In case socket adapters for European sockets.)
