HALF BAD

Rock meets Fusion

Music Press Kit 2024

Daniel Moch (bass guitar), Sebastian Friedrichs (drums) and Robert Solcansky (guitar, vocals and keyboards) are the heart and the soul of *Half Bad*. All three are seasoned professionals that will bring passion, fun as well as finesse and charisma to your stage.

Their songs tell stories of the past and of human emotions underlined with dramatic, melodic music accentuated with dynamics that a few rock acts can deliver.

All three musicians have had long music careers in various bands before embarking on the *Half Bad* journey in the late 2023. Since then has the band played festivals in Germany as well as public and private shows.

The band has successfully written and recorded an EP in the late 2023, to showcase their writing and technical prowess. Now since early 2024 works on a full length LP that will be finished in early 2025.

Reviews

The band likes playing live, loves to improvise and shows diverse styles. Shows a combination of rock, blues, jazz, but is laid back and remains very melodic.
