

JUWELANA – Press Information 2026

Juwelana is a modern pop and dance music project blending international summer vibes with catchy hooks and uplifting energy. The sound combines radio-friendly pop structures with club-inspired drive, creating songs that feel equally at home on the airwaves and on the dancefloor.

Current Single: “Siente la vibra” (Release: 27 March 2026)

“Siente la vibra” captures the pure party energy of summer. Opening with an instantly recognizable “Dadadadiiida – siente la vibra” vocal hook, the track blends modern pop-dance production with international flair and constant forward momentum. With a running time of 3:08, the song is structured for radio impact while maintaining club-ready energy.

Upcoming Album: “Playlist Number 1” (Release: 8 May 2026)

The debut album “Playlist Number 1” expands Juwelana’s musical world, featuring multiple radio-ready pop-dance tracks with strong melodic identity and international crossover potential. Several songs are planned for additional single releases including full music video production.

Positioning

Juwelana stands for modern pop & dance music with international summer feeling and memorable hooks. The project aims for radio airplay, playlist visibility, and international positioning.
