We will be a total amount of **6** people at your event. Accommodation / catering has to be provided for all of us.

Backstage room / parking:

We need a secured parking space with no additional cost for parking our van. There has to be a safe space, where we can load our equipment into, before we set up our stage. Make sure, that it has enough space and that it's secured against unauthorized people entering.

We need some sort of backstage room, where we can prepare ourselves for the show (stage clothes, warm up etc.). Of course, we will be happy to share this room with other bands, just make sure, that it's separated from the visitor's area and only bands have access to it.

General Information:

Merchandise:

Please make sure, that we have a space to set up our merchandise. All we need is a table in/near the concert room, where we can set up our CDs / Shirts etc. If a merch agency handles all this, please give us more information on provision etc. We might also ask for a couple of guest list spots beforehand.

Catering:

For catering, we would need enough beer, non-alcoholic drinks and water for the stage as well as six meals (2 x Vegetarian). Thank you!

Accommodation:

If an overnight stay is required, the conditions for this must be discussed separately.

Thanks for reading, we are looking forward to have a great show at your event!
