

# WEINHARDT

*WEINHARDT is an up and coming rock band from Berlin, Germany that was founded by multi-instrumentalist and composer Chris Weinhardt in 2018. With their unique blend of modern rock and metal riffs and a touch of retro shoegaze the band immediately excited audiences of all ages and genres. Within their first year of touring and recording the band has been recognized as a force to be reckoned with due to an energetic and raw live performance that allowed them to open up for non other than the Mongolian rockstars The HU.*

*Chris Weinhardt, the band's songwriter and driving force looks back on a decade of experience as an international session musician who supported extraordinary acts such as Mother's Finest, Dorothy and Sol Heilo (Katzenjammer) and played in front of thousands of people all over Europe and the US. Being an avid producer he worked as the in-house composer for an independent videogame studio and gained valueable experience as a sound designer and mixing engineer.*

*WEINHARDT's remaining members Benjamin Hoch (Drums) and Florian Valentin (Guitars) are exeptional musicians who played an equal amount of shows in various genres and bands ranging from Punk to Gospel and Reggae to Progressive Metal.*

*While working on their third release WEINHARDT decided to compose a dedicated theme song for the GWF newcomer Wrestler Cris Opus called "Magnum Opus" that left fans of his as well as fans of the band wanting for more.*
