You want more adjectives?

Agador doesn't. Agador isn't in the need of adjectives.

Well, actually, we have provided a juxtaposition of more or less applying adjectives for you to choose from. Help yourself to whatever's below:

Aggressive, passive, frontal, paranormal-abnormal, open, intuitive, low, high as rats, cynical, epic, epic, fucking epic, e, p, i, c, in case you still didn't get it, E.P.I.C.!, automatic, wise, comprehensible, Freddie Mercury-esque, upset, per aspera ad gutters, fed up, fragile, simple, inspired, fanatic, (damn)tight, confusing, impressive, connected (think of wired, but add lots of togetherness), wop wop wop wopwopwopwop, perplexingly destructive.
