

## THE JUMP BLUES SYNDICATE (Düsseldorf - GER)

### Short Info:

**The Jump Blues Syndicate** is a roots band and as soon as they turn on the Boogie Machine, there is no other choice but to dance until the end.

They are crazy about the **swinging sound of the 1940's into the 60's**. The Passion of **Rhythm n Blues**, the raw energy of **Rock'n'Roll** and the *amouros joie de vivre* of **Swing** and **Mambo**.

Their diverse content is a classic example of the music of **Swing** era.

**The Jump Blues Syndicate** presents genre classics in an authentic way. With their own charm, they interpret lost pearls of the era by bringing contemporary music into the **Jump Blues** frame and make you boogie.

Founded by 6 musicians simply out of love for the music, **the Jump Blues Syndicate** has developed a rare breed in the area and so is dealt as an insider's tip. It was no surprise that after playing only a few shows they were booked at the well respected annual Jazz-Rally Düsseldorf (the biggest Jazz Festival in Germany) in June 2014, where they took over the place and the audience didn't allow them go off stage after playing.

**The Jump Blues Syndicate** is now working on new music, evolving own songs as well as adapting and reconstructing the old goodies.
