THE BAND

Powerful. Melodic. Direct.

LUCERNA delivers powerful alternative rock from Berlin and Brandenburg. Driving guitars, memorable melodies and layered vocals meet English-language lyrics about love, loss, trust and social conflict.

Eric, Patrick, Wolf and Tim have played together in the current line-up since August 2023. Influences from alternative rock, funk rock and metal - shaped by Stone Sour, Alter Bridge and the Red Hot Chili Peppers - are clearly present without overshadowing the band's distinctive sound.

LINE-UP

PATRICK	Guitar · Backing Vocals
