

EVERDARK is the collision of raw intensity and haunting melody. The band channels the essence of modern heaviness into a sound that is both brutal and atmospheric.

Blending Modern Metal, Deathmetal and Metalcore, EVERDARK delivers crushing riffs, deep-tuned guitars, and relentless, thunderous drums. Vicious screams cut through the darkness, only to be met with angelic clean vocals that create a striking contrast between chaos and beauty.

Driven by emotion and powered by aggression, EVERDARK crafts a sonic landscape where darkness thrives - and melody refuses to be silenced.
