

Doomed Men is a 6 piece deathcore band, which was founded in September 2007 in Nordhausen, Germany. Our music combines various styles because of the different influences of the bandmembers.

Over the past years we have released our demos „Evolution“ and “It Works”, our debut record „Nine Eleven“ and we had the opportunity to present our music live on various stages.

After our guitarist and co-founder Borki left us for professional reasons, we have been officially completed again since August 2015 with our new guitarist Steven Grabe.

With our new record “Blackout”, which is released via Metal Blanc Media, Doomed Men has been taken to the next level.

Doomed Men are:

Konrad - Vocals
Marcus - Vocals
Andreas - Guitar
Steven - Guitar
Eric - Bass
Michael - Drums
