

The modern metal band Host of Nightmare, formerly known as Lost Ember, was founded in 2019 by Nils Erfurth and Adrian Fazlia in Germany. Refusing to be confined to a single genre, the band constantly strives to explore new sounds and blend diverse styles within the modern metal scene. After years of silence and hard work, they proudly present their debut single, 'Braindance', released on November 24, 2023. Joining the lineup are Arda on bass and Sönke on drums, adding even more depth to the band's unique sound.
