

School's Out!

Words & Music by Ady Tycson

American Rock - Single Edit 2009

A E F#m D

Passed the school gate passed a wrong way sign,
Learning by heart ain't in this heart of mine,
I guess I ain't the guy getting' straight A's twelve years of time,
But maybe getting' a degree in writin' hook lines

Chorus:

School's out, school's out!
I've got it workin'
Summer gets hot, hot,
So baby jump right in
School's out, school's out!
I've got it workin'
Summer gets hot, hot,
So baby jump right in

Now I can do what I want to - and I'm gonna do it,
Girls and beers are waiting to get my head chilled
I'm gonna try to get me a bright life,
The only thing to do is getting' some love and music inside

Repeat Chorus

Bridge:

I'll lay back on a beach where nobody cares,
If you're good or bad or worst or best,
If the sun is burnin' I'll jump into the sea,
I'm still all that I can be

Repeat Chorus 2x
