Biography

Tess is a singer-songwriter originally from Wicklow, Ireland, with Irish American roots. Tess went to secondary school in England and spent the last few years working in London to fund the writing and recording of her seven albums over three years, albums six and seven Reverse Rewind and I Stand Alone including some of her best songwriting to date, with gem singles such as 'I Stand Alone', 'Reverse Rewind', 'The Three Graces', 'Sylvie's Hat'. Musicians on the recording include John Blease, recently returned from touring with Robert Plant, Dave Ital, guitarist with Chaka Khan, and bass player Simon Little from Divine Comedy.

Tess has had rave reviews of her songs, Ian Canty of Louder Than War describing her song Favourite Director as: 'a real pristine pop pearl, a hint of motorik in the background, a lovely hook and beautifully sung... old style dream pop belters that would appeal to folk who like C86-style indie pop.'

Tess' first release from Reverse Rewind is The Three Graces, a song to the Goddesses of Creativity. The arrangement is evocative of Hendrix, Bolder Than Love, in shaggy guitars and psychedelic vibe.

Please contact Tess on the details address if you have any questions or need further input or information.
