Wagner the Band - Soul-Rock und Retro-Vibes

Wagner the Band is a rising alternative rock formation that impresses with their distinctive music and energetic stage presence. The members have come together to pursue their passion for music and create a unique soundscape characterized by pulsing riffs, catchy choruses, and emotional lyrics. The music is an explosive blend of retro rock, soul, and funky pop that gets under your skin and invites listeners to dance and sing along, The lyrics deal with personal experiences, social criticism, and the pursuit of freedom and independence.

The band's first album ``Awkward Hearts`` was released in 2019 and received favorable reviews. Several songs were played on national and international radios. Since then the band played at several national and international venues and festivals such as WUK Vienna, Stream Austria or We are One Festival Finland. With the brand new funky single XTC, which was released in June 2023, Wagner the Band are consistently continuing on their chosen path.
