

## **Technical Rider - The Jukes**

### **Stage**

- Minimum stage size: 6m x 4m
- The stage must be structually sound, level an free of splinter
- For stages 6mx 8m or larger, we kindly ask for
  - 1 Drum riser (60cm height)
  - 1 Keyboard riser (40cm Height)

### **PA-System**

The PA-System must be adequatly dimensioned and comply with common professional standards. The less sound energy from the PA that spills onto the stage, the better.

To avoid any delays during soundcheck, the system must be fully operational and tested upon the band's arrival, icluding a linecheck with all inputs and returns.

### **Monitoring**

The Jukes travel with their own IEM-Rack and microphones.

The drums, keys and bass positions use their own in-ear monitoring.

For the remaining positions we require a minimum oft wo, preferably three, monitors

### **FoH**

The local sound engineermust be familliar with the system and capable of mixing a live band.

The FoH console must provide at least 24 input channels, as well as a minimum of one reverb and a tap-delay.

Signal handover is via a 24-channel XLR-multicore supplied by The Jukes.

### **Microphones & Stands**

We supply the complete microphone package ourselves.

However, the venue is asked to provide mic-stands and XLR-cables

## Minimum requirements:

- 4x tall boom
- 2x short boom

## Power supply

The Power supply for the Backline must be separate from the PA and all other systems and protected by a minimum 10A 230VAC circuit.

## Lights

The band travels without a dedicated light operator.

Therefore, we kindly request a local operator who is familiar with the system and is able to operate it safely.

The stage should be lit evenly and include some basic show lighting.

## Catering / Backstage / Misc

Load in:

The loading should be as short and level as possible, ideally step-free.

Parking:

Free Parking should be Available for 3 Cars

Drinks:

- 24 bottles of water
- 24 bottles of local beer or cider

Food:

- 8 large portions of hot meals
- Small snacks
- Local specialties are very welcome
- Coffee and/or a fruit basket are appreciated

Travel Party:

We are travelling with a total of 8 people (5 musicians, 3 staff)

Merchandise:

We require a merch area with:

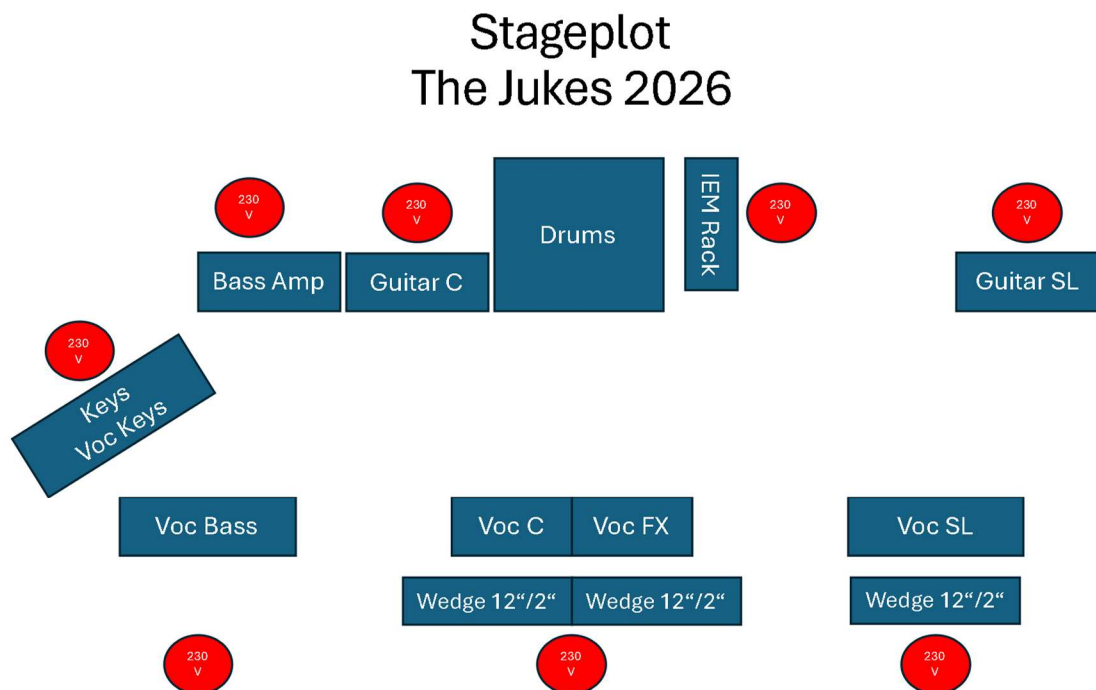

- Adequate lighting
- 230V power outlet
- A table approx 60cm x 200cm
- A possibility to hang clothes

Backstage:

The Jukes are a sociable band and enjoy interacting with the audience. Nethertheless, the band requires a private backstage area to prepare fort he Show and to change clothes.

Banner: Our banner measures 4m x 2m

Please ensure there is a suitable way to hang it on stage.
