

The V's – Raw Rock from Berlin

After a brief hiatus, the Berlin-based rock band returns with a new lineup, Fresh songs, and renewed fire. Known for their raw and unapologetic mix of punk and hard rock,

The V's blend the spirit of The Hellacopters, Gluecifer, and The Ramones, among others, with the sweat, attitude, and volume of a band that lives for the stage.

With over a decade of experience playing the best venues in Berlin and having won the local phase of the Hard Rock Rising Berlin Contest, The V's are now ready to reconnect with old fans and find new stages to shake.

Their latest album, DUSK (2023), is a heavy-hitting 11-track statement of survival and return, featuring the powerful single "My City."

The V's are: EzZe on Vocals, Roman on Guitar, Adri on Bass, and Adan hitting the Drums
