

DIRTY CREAM

VOCALS: SASCHA

BASS: DENNIS

GIUITARS: JONAS

DRUMS: HENDRIK

Hardcore/Punk from northern Germany!

In the unique flair of the legendary "Magic Bar", four passionate musicians came together to shake up the scene...

The guys quickly found their own style, an explosive mixture of hardcore punk and the rough punk rock of the 70s.

Dirty Cream unleashes a powerful energy carried by drums and bass. Complemented by hard, driving guitar riffs and throaty-rough vocals, their unmistakable sound emerges: strong, pure, unadulterated.

Their gigs are direct and uncompromising. They get straight to the point without much banter - from the first to the last minute.

When they're not working on songs and recordings, they're on stage, to make it clear that Dirty Cream is a must for fans of the genre, and refreshing for anyone who wants to escape the mainstream monotony.
