HARBRINGER

With “Harbringer” Liviate unleashes a relentless Death Metal track that fuses crushing riffs, thunderous drums, and ferocious vocals into a wall of intensity. The song shifts from groove-loaded, sinister verses into a driving chorus, culminating in a brutal and explosive finale. Lyrically and sonically, “Harbringer” conveys an atmosphere of chaos, decay, and unyielding darkness - a musical apocalypse captured in every note.

A must-hear for fans of Death Metal, Deathcore, and uncompromising heavy breakdowns.

INFECTIOUS PLAGUE
ANNIHILATE
A CRIPPLING DEATH
A VISCOUS FATE
INFECTED RATS
ROTTEN FLESH
YERSINIA PESTIS

DECAYING ARMS, DECAYING LEGS
A HORROR NEVER ENDING
BLACKENED SKIN, INFECTED LUNGS
A HORROR NEVER ENDING

A NIGHTMARE NEVER ENDING
A NIGHTMARE NEVER ENDING

PESTILENCE - DEVASTATING DISSOLUTION
PESTILENCE - DEVASTATING DISSOLUTION

HARBINGER OF CEASELESS DEATH
MARK THE HOUR WHEN THE SPIRIT DIES
GRIM REAPER BEHIND THE MASK
HOPE IS GONE WHEN HE WILL STRIKE

PESTILENCE - DEVASTATING DISSOLUTION
PESTILENCE - DEVASTATING DISSOLUTION

WATCH YOUR VEINS TURN BLACK
YOUR EYES SINK INTO YOUR SKULL
SKIN PEELS, LUNGS COLLAPSE
VERMIN CRAWL BENEATH YOUR FLESH

DEATH WILL RISE
EATING YOU WHILE STILL ALIVE
AND SOAKING THE SOIL WITH YOUR BLOOD
INHALE THE SCREAMS OF THE FALLEN.

BURN BURN BURN AND ALL THOSE BODIES MUST BURN
I WAS BURNED BY FIRE
YOU, YOU WERE BURNED BY THE FIRE

ABOUT LIVIATE

DIRECT.ME/LIVIATE

Liviate is a death metal band from Regensburg, founded in June 2022. Their music fuses pounding drums, downtuned guitars, and vicious vocals into a brutal sonic experience that incorporates elements of post-black metal and deathcore - without losing the raw essence of death metal.

Despite their short history, Liviate has quickly developed a distinctive sound: dark, intense, and uncompromising. Their lyrics confront emotional depths and the darker sides of society - both musically and thematically.
