

TECH RIDER* – ATOM LUX

* This is the *best-case scenario* tech rider. If the backline requirements cannot be met, please **contact**: Lucio: 3298007999, atomlux.music@gmail.com

STAGE PLAN (5-PIECE BAND)

BACKLINE (required instrumentation on stage)

- **Full Drum Kit**: Bass drum, kick pedal, snare drum, 2 toms, floor tom, 2 crash cymbals (with stands), ride cymbal (with boom stand), hi-hat (with stand), drum stool.
- **Two electric guitar amplifiers**: Preferably - but not necessarily - tube amplifiers (e.g. Fender Twin Reverb, Marshall DSL100, or equivalent).
- **Bass amplifier**
- **Keyboard accessories**: The stand shall allow the setup of two keyboards arranged vertically. Please inform us about the possible availability of MIDI keyboards.
- **Two boom microphone stands for vocals + 2 microphones** (e.g. Shure SM58, Sennheiser e835, or equivalent).
- **Complete PA/System**
- **Stage monitors**: Preferably one monitor for each band member. A lower number of monitors is acceptable provided that all members can hear clearly and at an adequate volume.
