Mixing & Mastering by Christoph Brandes at Iguana-Studios, March/Germany
Lyrics & Music by Michael Herr
Artwork, Coverdesign by KINGSMASH
Label: Fetzner Death Records, Karlsruhe/Germany

Album description:

With their debut album “The Heart Remains at Home”, KINGSMASH deliver a powerful mix of melodic power-rock and metal that is both catchy and rousing. The songs combine fat guitar-riffs, expressive melodies and emotional intensity - a perfect balance between heaviness and feeling. Fans of melodic hooks and powerful metal elements will definitely get their money's worth here.

With the album “The Heart Remains at Home”, KINGSMASH present the more than worthy and longed-for successor to their first EP “Black Forest Power Rock”, which was released a year ago in February 2025.

With their debut album, KINGSMASH prove once again that the expression “Black Forest Power Rock” is not only their band slogan, but a promise!

Band-Biography:

KINGSMASH – melodic Power-Rock from Black Forest/Germany

Powerful, energetic and catchy - these are the words that best describe the sound of KINGSMASH. The quartet combines powerful guitar riffs with a pounding bass and dynamic drums. Carried by melodic vocal lines and anthemic choruses, a rousing sound unfolds which delights both classic-rock-fans and metalheads.

Although KINGSMASH has only been active under this name since the end of 2023, the four musicians each bring decades of experience from various bands and numerous live performances. This extensive know-how is reflected in her powerful songwriting and their confident performance.

KINGSMASH are:

Michael Herr – vocals and guitars
Ralf Schanzel – guitars
Axel (Atze) Zeck – bass
Severin Feser – drums
